THINKY

Oh!

Key Factor for Achieving Maximum Performance of Planetary Centrifugal Mixers

Container / Adapter List for THINKY MIXER

“Are You Having Unsuccessful Results?”

Your containers or adapters could be the factor.

The proper **containers** and **adapters** are necessary for achieving 100% performance of a planetary centrifugal mixer.

THINKY provides original containers and adapters to fit the characteristics of the material. We produce more than 150 custom-made adapters a year to meet customer needs.

Creating a whole new adapter is always challenging. Our professional team considers the material characteristics, customer issues and the operating environment in order to design and supply you with custom-made adapters for your materials. We are grateful for the frequent compliments from customers who appreciate the high quality of adapters made by THINKY.

Custom-made Adapters

THINKY designs more than 150 custom-made adapters every year. We create adapters especially suited for your containers. Contact us for more information.

Have you experienced the following?

Case 1

"We cannot find an adapter for our current container and have to transfer the material to a different container."

THINKY provides! Custom-made adapters for direct mixing and defoaming

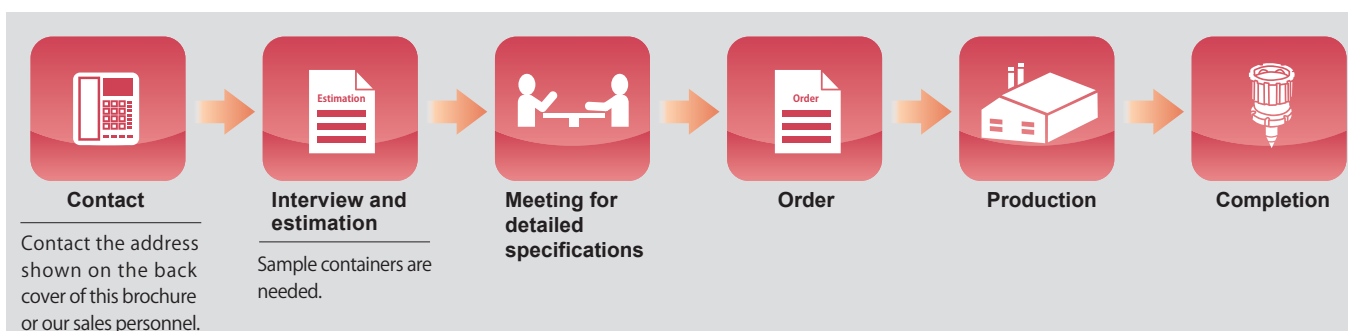

Case 2

"Only a small amount needs to be processed but the container is too large for mixing small amounts."

THINKY provides! Custom-made adapters for mixing even 1ml of materials
